**There's something in the way you look at me  
There's something in the words you speak to me  
The way you do whatcha do don't make no sense to me**

**There's something you can't hide and need to see  
There's something moving closer soon you'll see  
The blind eyes of the world don't make no sense to me**

**There's something about you and the life you lead  
Brother sister get together to fight for unity  
All the fighting and denying' don't make no sense to me**
