

”More Than Anything”

by David McDougald

© 2001

**I can't believe what I see when I see what I see
I feel warmth like the sun when you smile at me
To be with you that's right where I wanna be
Whenever we're together I feel so free**

**I wanna let you what I feel in my soul
I love you more than anything more than anything**

**I don't have all the words to say what I'd like to say
But I'll give all my love day after day
You shake me body and soul with the way we play
Now that we're together I have found my way**
