

# **”Mother Nature”**

by David McDougald

© 2005

**Mother Nature come on  
Mother Nature won't you turn it on  
Mother Nature come on  
Mother Nature won't you turn it on**

**Your sun shine it burns in my soul  
Your moon shine makes me whole  
Your star shine gets caught in my eyes  
Your water is the blood of life**
