

# **"Natural"**

**I dig it natural  
Like the birds and the bees  
Beautiful blossoms bloom on the trees**

**I dig it natural  
Sweet fruit of the vine  
Taste of the herb and drink of the wine**

**All these wonderful things given to me & you  
I will share it all if you want me too**

**I dig it natural  
In the morning light  
It feels good so you know it's so right**

**I dig it natural  
All day long  
And this is why I sing this song**
