

"Pause For The Cause"

© 1999

by John Welton

Mary Jane, Mary Jane
You're always so kind
Mary Jane, Mary Jane
You are sweet music to my mind

You got them long red hairs
and you smell so nice!
You help complete strangers
break the ice

Come one come all
and pause for the cause
it's against the law
but not for long
if we all speak together
if we all speak together

Pause for the cause
gonna have some cosmic spinach
it's 4:19 anybody got a minute?
it's nature's way of getting high
make me feel like I can fly

Come one come all
and pause for the cause
it's against the law
but not for long if we all smoke together
if we all smoke together

Mary Jane, Mary Jane
I'm hypnotized by your green eyes
You got them long red hairs
and you smell so nice!
You're grown in the garden of paradise

Come one come all
and pause for the cause
it's against the law
but not for long if we all smoke together
if we all smoke together
