**Come with me happy  
I'll get down and groove it with you  
A velvet crush on Christmas  
With a silvery purplish hew  
It's like an orange cream-cicle  
On a twin bicycle ride  
A multicolored magic carpet flight  
Side by side, Mmm**

**We'll be falling up a rainbow  
Towards the marshmallow clouds in the sky  
We'll find a golden pot of sunshine  
With a slice of blueberry pie  
It's like a chocolate covered cherry  
A razzelberry for your mind!  
A rose petal bubble bath  
With bubbles of the champagne kind, Mmm**

**We'll have maple sugar kisses  
And oceans of peaches and cream  
A psychedelic sleigh ride  
In a sweet juicy tropical dream  
It's like sunny day weather  
And a touch of a feather too  
Let's melt our love together  
Pictures of Me and U**
