**If ya gotta be free  
And you gotta go  
Set you mind at ease  
And you go, go, go, go, go  
And you'll find  
When you gotta be free  
(Gotta be free, walk down take a walk down)  
And you know that its' right  
Whatcha need, whatcha need...**

## **Take A Walk Down**

**When you feel  
Like you gotta go  
You should do it  
Take you time and do it  
Take you time  
To find your mind  
Cause you wanna walk  
You wanna walk way down  
Way down**

**So you feel  
Like you gotta be free  
Like you gotta be free  
And you know you take you time  
Take your time to free your mind  
Then you feel  
Like your free ya**
