**Thinkin' 'bout it on a sunny day
When's the magic moment
Gonna come my way
Just then a flower fell from the sky
...Yes it did**

**I look above me and the blue sky smiles
And then I ponder for a little while
That magic moment it's happenin right now
Magic moments are going on right now**

Now, Now, Now, Now, Now, Now, Now

**I take the moment with me now
And if you let you you'll see how
Empower your life with the positivity
Empower yourself with the positivity**

Positivity!
