**I don't want worry any more  
About what lies behind tomorrow's door  
I don't want to hear no more bad news  
Or negative point of views**

**No I don't want to worry any more  
No more bad news  
What lies behind tomorrow's door  
Oooo, it's up to me and you**

**I don't want to wonder any more  
How simple disagreements turn to war  
I don't care who's right or who's wrong  
Whoa, how much really matter when we're gone**

**No, I don't know if we can change the world  
But it would be a shame if we didn't even tries  
What lies installed for all of us  
It's up to you and I**

**I don't want worry any more  
About what lies behind tomorrow's door  
I don't want to hear no more bad news  
Or negative point of views**

**No I don't want to worry any more  
No more bad news  
What lies behind tomorrow's door  
Oooo, it's up to me and you**

**And You and I and you and I and You and I and You and I  
Whoa, Whoa, Oh**
