#### **Band Bios:**

**Waterband** was founded by "Dreadlock Dave" McDougald & John Welton just after the time when Vegetables Mattered! Both inspired by a higher calling and deep desire to send sincere positive vibrations into the universe through expressive musical improvisation and thoughtful musical and lyrical composition. Enter into the Flow Rick Phillips and then Ryan Bair and you have what today is known as Waterband. Waterband's form is ever changing, yet ever flowing... Waterband's sonic depth and changing forms allow them to perform as a dynamic acoustic ensemble or as a full-blown electric face melting aural assault! Waterband has performed over 1100 shows, since forming in 2001, and has released five CD's to critical acclaim. On Tour Now... Bring Your Light, Boogie Shoes & A Smile To Share...

**Headband:** Since the dawn of time man has looked for things to keep them entertained. Great minds got together trying to think of something. Finally they came up with an idea. They wanted to get a group of people together to make noise that would entertain the people, and maybe make them want to get it on. Most people didn't think this would work, but a few people believed. The men chosen to try this daring task were: Alex Tomes, Matt Anderson, and Jason Stenger. These were just a couple of normal civilians, but they had experience in beating and strumming things. So they decide to try it out.

Have A Groovy Day! Peace & Blessings
